Up to 3 months.

It is recommended to seek veterinary advice before usage or extended usage.

**Canivau- extraskin** is complex of balanced ingredients, vitamins and organic minerals in the form of proteinase and omega 3 fatty acids that are indispensable for healthy skin and coat.

Dog's skin can be exposed to harmful environmental conditions and lack of nutrients in meal (omega-3 fatty acids and essential trace minerals). This condition manifests in hair loss and grubby, pale coat.

To keep skin and hair in healthy condition, it is important to provide proper balance of nutrients (minerals, vitamins and fatty acids) that enable skin and hair growth and recovery.

**Cautionary measures:**

Recommended daily dose must not be exceeded.

**Product packaging:**

**150 g**
